

I have an IDEA

Contact the Office for Clinical Research Advancement (OCRA@FSU.edu) for an initial process review

Revise and/or complete concept based on feedback received

OCRA will notify TMH Research and provide documents for an initial process review

Address IRB Stipulations.

Submit to both FSU and TMH IRB for Cede Determination

TMH Research Coordinator will review documents and schedule a zoom meeting to discuss next steps

Receive IRB Approval

BEGIN research/study activities

Working with TMH begins at FSU. OCRA will request the necessary documents for our review and provide you with guidance on any additional documents and the workflows that will be needed to begin your TMH Partnership

***FSU Medical Students are required to first contact the CoM Division of Research for guidance in lieu of this workflow at https://med.fsu.edu/researchDivision/SRO_medical
